

By Kevin Siembieda

One game system – every genre – countless worlds – endless adventure

This has been a wildly creative week. I did some writing on the [Rifts® Bestiary](#), some work on [Garden of the Gods](#) (a

Palladium Fantasy RPG® sourcebook), a little on a

Heroes Unlimited

project, and even a little writing on

Beyond the Supernatural.

It is a bit unusual for me to work on four different books as I prefer to sit down and work on one, sometimes two, books at a time. But the ideas and inspiration have been coming from all directions and I went where the energy took me. It's fun and exciting when you are hot writing, and I've been on fire. I just wish I could divide myself into four people to work on the four books all at once. I'm back to work on the Bestiary books and jotting down ideas as they come along.

Our thanks to everyone who made the two *Rifts® Bundles of Holding* a success, with 10% of every sale going to the *National Center for Missing and Exploited Children*

People are enjoying the opportunity to get original artwork by Charles Walton II. There is a nice selection available in [my ebay store](#). All proceeds go to the artist. Folks are also enjoying picking up one-of-a-kind Rifts® and TMNT® negatives from old books. More details below or at <http://stores.ebay.com/kevinstoys-artandcollectibles>

. Alex and I will be posting new negatives from time to time. Otherwise, I'm just happy to give Chuck a place to sell some of his fabulous original artwork.

Speaking of art, we are expanding the number of art prints available in the Palladium store. Four new classic covers we thought people might enjoy. I feel like there is more to talk about, but we are so immersed in getting books finished and in your hands that I can't think of anything other than getting back to writing. Read on for more news and updates.

UPDATE: The Rifter® #82 – Erick Wujcik remembered

The remembrances of Erick have been coming in at a nice pace and range from funny to touching. I think you'll enjoy them and all the little insights to Palladium history. Of course, **The Rifter® #82** will have a bunch o' good source material too. Including some darn good stuff for **Rifts®**, **Chaos Earth®**, **Nightbane®** and other game settings.

UPDATE: Rifts® Bestiary, Volume One and Volume Two

Chuck has been drawing away while I work on the writing of new monsters and updating of known creatures. It is all good stuff. [The Rifts® Bestiary Volume One](#) is tentatively slated for an end of September release.

[Volume Two](#)

end of October or November. In addition to existing creatures collected from various Rifts® World Books and sourcebooks, it has new beasties created by me, Chuck and a few other freelance writers. This includes creatures that are not just predators or monsters but beasts that player characters can use as war mounts, attack animals, familiars, companions and pets. A little something for everyone. A few fun surprises, too. The two Bestiary books are developing into something truly fun

and special.

What are the *Rifts® Bestiary™*, Volume One and Two?

We are collecting the hundreds of monsters and beasts of Rifts Earth into easy to use reference books, similar to what we did with *D-Bees of North America*. Only there are so many wondrous and fierce creatures that we cannot squeeze them into one book – plus we are adding a bunch of new creatures to add more fun and menace to your

Rifts

® campaigns. Some will be a nuisance, others pets and companions, some are suitable M.D.C. riding animals, and some are slobbering monsters.

The first two **Rifts® Bestiary™ sourcebooks** are being created simultaneously, right now! Between them, these two volumes compile all the beasts of

Rifts North America

(unintelligent monsters, predators, notable animals and intelligent beings that are monstrous or animal-like in appearance or behavior) from all current World Books and Sourcebooks. In addition to a growing number of brand new critters and monsters by

Kevin Siembieda, Chuck Walton, Carl Gleba, Greg Diaczyk and others! All adding new life to the savage wilderness of Rifts

Earth (particularly the USA, Canada, and Mexico). Presented in alphabetical order, with maps showing their range and location, in two big books.

- **Monsters and animals of Rifts North America organized in two big, easy to use sourcebooks. Predators, exotic riding animals, beasts of burden, alien horrors, giant insects and more.**

- **Updated descriptions and information where applicable.**

- **Updated and uniform stat blocks.**

- **A good number of brand new creatures are being added too.**

- **A map for every creature showing where it is found.**

- **Fully illustrated, much of the art by Charles Walton II, along with Siembieda and many others.**

- **192-224 pages each volume – \$26.99 retail – [Cat. No.](#)**

[896](#)

(Volume One) and

[Cat. No. 897](#)

(Volume Two). In production. Release date: Summer – i.e., as fast as we can kick these bad boys out!

UPDATE: Garden of the Gods

Just wanted to let you know that I spent some time on this book when ideas came out of nowhere and invaded my head. Good stuff you are going to enjoy.

UPDATE: Dead Reign® In the Face of Death Sourcebook

This book is on my mind and planned for release this fall. There is a lot of creative energy flying around the office right now. Looking to use it to produce a lot of books.

Charles Walton II Artwork now available in Kevin's Online Toy & Collectibles eBay Store along with other good things

For the first time ever, **Charles “Chuck” Walton** has decided to offer a dozen or two dozen pieces of original artwork via

[my online store](#)

.

All money goes to the artist.

Includes original art from

**Rifts® Sovietski, Secrets of the Atlanteans,
Rifts® Chaos Earth® Resurrection**

and others. This is a fun and unique opportunity to get some of Chuck's art other than having to attend

one of the few conventions where Chuck is a guest. He sold a good number at Gen Con and was wondering how he might make his art more available to people. I suggested trying my online store. Most prices range from \$50-150, with a few more expensive pieces. Artwork make a great gift for the hard to surprise gamer. Enjoy. Chuck says thanks.

Other one-of-a-kind original artwork available by *me (Kevin Siembieda), Kevin Long, Mark Evans* (money goes to the artist), as well as prints, limited edition hardcovers, proofreader copies, out of print items, Star Wars toys, Marvel toys and many other toys and collectibles from my personal collection. Alex and I will keep adding items as our busy schedules allow, but we have a lot of fun collectibles available now and coming soon. Hundreds of items. Take a look every weekend for new additions.

Four New T-shirts – Available now

We have four new T-shirts that will make a nice addition to your wardrobe (and hint at some things to come).

- **New Rifts® Take Aim™ T-shirt** is powerful and dynamic. It features a CS soldier firing his energy pistol. Is he friend or foe? You decide. It fits the current Rifts® story arc with the Minion War™ and most Rifts® and Coalition States

themes. Art by comic book artist Freddie Williams II. Enjoy.

Kevin Long's

original Villains

this art? A) Because G.M.s unleash the villains and challenges that await their players. B) Heroes Unlimited™ needs some loving. And C), because it is a dynamic piece of art that screams, “get ready for adventure.”

You have been asking
